FLIGHT

INDEX TO VOL. XXXIX

JANUARY TO JUNE, 1941

A

A.A. shell with steel wires, 210
Abyssinia, Return of Emperor to, 391
Accident report at Salt Lake City, 402
Accidents, Civil, 196, 402
—— Outlook on training, 353
Addis Ababa, Attack on Aerodrome at (illus.), 170
—— Fall of, 281
Aerodrome defence, Need for, 435
—— near Cuba, Germany attempt to build, 92
Aerodynamic effects, "Indicator" on, 329
Aero Engines Ltd., Meeting of, 193
Aeronautical Patent Specifications, 42, 128, 166, 352*a*
"Aeronautical Review (The)," First publication of, 48*f*
Africa, Conditions under which R.A.F. work in, 189
Agondat, Capture of, 131
Aides-de-Camp to H.M. the King, Appointments of, 59
"Air and Army in the Future," 270*a*
Air Component of the B.E.F. in France, 254*a*
—— Council appointments, 421
Aircraft carriers, Article on, 28*a*
—— carriers to be made from American freighters, 298
"Aircraft Engineer":
"Airscrew Balancing" (J. Lockwood Taylor), 98
"Heat Flow in Engines" (E. A. Smith), 180
"Preloaded Studs and Bolts" (Lt.-Col. J. D. Blythe), 243
"Exhaust Gas Turbo Blower," 244
"Summation of Direct and Shear Stresses" (W. F. Proehl), 298*b*
"Contra-Rotating Propellers" (J. Lockwood Taylor), 374*b*
Aircraft, Money provided for purchase of, 78
—— Outlook on American publication of new British, 2
—— Production, Appointment of New Minister of, 324, 330
Air crew ranks, New, 365
—— Estimates, Speech by Sir A. Sinclair on the, 222
—— Force Cross awards, 277
—— Force Medal awards, 206
—— France to operate again, 206
—— liner missing off Penzance, 402
—— lines to be kept running, Necessity for British, 227
—— mail to Far East, Cost of, 388
—— mail, Photographic, 312, 332
—— mail, Question of payment for foreign, 193
Airmen of various nations, 222*g*
Air Minister, Speech on progress of war by, 68
—— Ministry, Colossal spending by balloon station of, 64
—— power *versus* tank power, 294
—— raid casualty notifications to men in services, 17
—— Scouts, Start of, 276
Airscrew balancing, 98
—— Spinners, Letter regarding article on, 56
Airship, Over Washington Airport in an, 75
Airships in America, Orders for, 64, 77
Air Strengths, Comparison between British and German, 175
—— Training Corps, Boys able to join Home Guard as well as, 298
—— Training Corps cadets, Letter regarding gliding for, 121
—— Training Corps cap badge, 193
—— Training Corps centres in Scotland, 388
—— Training Corps, Figures for, 172
—— Training Corps, Formation of, 44, 57, 76, 120
—— Training Corps for schoolgirls, Suggestion of, 227
—— Training Corps, group of officers discussing, 64
—— Training Corps, Number of schools in, 157
—— Training Corps, No. 1 Squadron (illus.), 199
—— Training Corps, Photograph of recruits in, 222*b*
—— Training Corps uniforms, 222*f*
—— Transport Auxiliary, Article on the work of, 405
—— Transport Auxiliary, Occasion for pilots in, 223
—— Transport Auxiliary, Vacancies for pilots in, 223
—— transport, Economics of, 393
—— transport figures in Canada, 393
Alaska, Article on, 316
Allison engines, Monthly output of, 77
—— V-1710 engine as fitted in Bell Caribou, Description of, 419
Altitude recorder on all airliners over 10,000 lb., 402
Aluminium in Australia, Suggestion of manufacturing, 349
Alvis, Ltd., General meeting of, 84
Ambulances, Cheque from *Nursing Mirror* to purchase, 238
America, Airline deliveries in, 122
—— A.R.P. in, 92
—— British civil orders from, 139
—— Details of number of aircraft for Britain from, 431
America, Figures for British orders from, 181
—— January exports from, 222*f*
—— and Northern Ireland, Service between, 348
—— Number of aircraft built per day in, 8
—— Plastics in, 116
—— windowless factories built in, 117
American accident statistics, 161
—— aircraft for R.A.F., Figures and photos of, 206*b*
American air lines, Help for Britain from, 172
—— and British aircraft, "Indicator" on comparison between, 31
—— bombers flown to Britain, 74, 157
—— Eagle Club, Address of, 37
—— expansion finance, 193
—— exports to Britian, B. Foster on, 158
—— officers for Britain, 348
—— exports, Necessity of keeping up quality of, 172
—— output exceeds German, 404
—— pilots train in Canada, 257
—— production rate, Article on, 340, 347
—— secret aircraft, English publication of new, 292
—— statistics, Varied report of, 254
—— types, Names for, 17
—— types in service with R.A.F., Article on, 140
Ammunition, Photo comparing five small arms, 238
Anti-aircraft barrage over Bremen, Heavy German, 25
—— batteries, Number of enemy planes shot down by, 21
Aosta, Capitulation of Duke of, 377
—— Escape of the Duke of, 325
Argentine pilots to train in Canada, 348
Argus petrol injection engine, Short description of, 260
Ark Royal, H.M.S., Attack by Italians on, 147
Armament, Aircraft, 417
—— in aircraft, First use of, 129
—— or speed, Letter regarding, 121
Armstrong-Whitworth Whitleys. Visit to factory building, 13
Army and Air Force, Prime Minister on co-operation between, 411
—— and Air Force, F. A. de V. Robertson on co-operation between, 270*a*, 430*b*
—— co-operation machine, Evolution of the, 92*a*
Arnold, Major-Gen. H. H., Visit to England of, 298
Assisted landings, 294
—— take off, Article on various methods of, 68*a*
—— take-off, German experiments for, 227
—— take-off, Letters regarding, 121, 172*c*, 242
Athens, Threat by Government if enemy bomb, 297, 307
Atlantic, New air line over, 293
—— air services, Need for more, 384
—— deliveries, Difficulty of sufficient pilots to fly, 384
—— deliveries, R. Tennant on, 378
—— Start of the Battle of the, 236
Attack versus defence, Air, 5
Austin, Lord, Aircraft produced by, 391
—— Lord, Funeral of, 402*f*
Australia, British light aircraft in, 403
—— Building of Beauforts in, 193
—— Progress of training Scheme in, 8
—— Wartime civil aviation in, 345
Australian Air Training Scheme, Number of men in, 78
—— instrument manufacture, 276
—— steel standards, 8
Automatic pilot, Suggestion by Sperry concerning jamming of an, 416*d*
Auxiliary Air Force, Great successes of, 428
Awards, Extended eligibility for, 246

B

Badge of British parachute troops, 171
—— of No.224 Squadron showing Mussolini's signature, 39
Balfour, Capt. H., Visit to I.T.W. by, 182
Balkans, Battle in the, 295
—— German army massing in the, 88
Balloon Barrage ship, Story of voyage by officer of, 220
—— barrage, Short mention of the work of the, 236
—— barrage, W.A.A.F. to train for the, 308
—— station, Colossal spending by, 64
